Day 3 Gold and Grand Gold Medal

Where Luján de Cuyo begins at route 15 there is the Virgin of Carrodilla church, a national monument dedicated to the protector of the vineyards. Its museum displays religious images of a high historical and cultural value. The richness of this place allows you to learn about the habits and customs of the “mendocinos” between the XVIII and XX century.

On the old National Route 40, now Provincial Route 15, which has part of the world's largest vegetal tunnel made of centenarians plane-trees, we will find Tapiz winery. One of the most technologically advanced wineries of Argentina, Tapiz winery combines the best vineyards in the country with extensive experience in winemaking. We will enjoy a ride in an ancient carriage pulled by horses, on which we will travel through the vineyards. The wine that identifies Tapiz is Malbec but they also produce excellent Cabernet Sauvignon, magnificent Merlot, fruity Chardonnay, Torrontes and exceptional Sauvignon Blanc. We will do a tasting from the barrels and tanks and learn about irrigation, pruning and harvesting.

With a beautiful view of the Andes we will go to the Perdriel Region where the Norton winery is located. More than 110 years old it creates great wines from Argentina.
